LOCAL FHA GIRLS AT RADFORD MEETING

Lisella Martin, Frances Carson and Ann Moore will represent the Appomattox Chapter at the Twelfth Annual Convention of the Virginia Association, Future Homemakers of America, which is being held at Radford College, June 10-13.

Miss Laura Mottley, homemaking teacher at Appomattox High School, is the chapter advisor, and will accompany the delegates to the convention in Radford.

The Future Homemakers of America is a national organization of young people who are enrolled in high school homemaking classes.

Through their organization, the members work for realization of high ideals and standards in home and family life.

The organization is sponsored by the Home Economics Education Service, State Department of Education.

This year the conference will have, for the first time, a chorus composed of FHA girls from the various schools in the state. We are most fortunate in having a girl, Ann Moore, in our chapter whom, we feel, will be chosen as a member of the chorus group.

Frances Carson has the responsibility of being a Recorder for the first Discussion Group. Frances has been a member of the local chapter for three years and has served as President and as Reporter. She has been elected as Secretary of the Federation for next year. Frances is an active member of the local church and has received her Junior Homemaker Degree.

Lisella Martin, another delegate, is a first year member of the Future Homemakers of America. It is not often that a girl gets to go to convention in her first year in the club. Lisella is an active homemaker and has served as Treasurer for the year and is working on her Junior Homemaker Degree.

Play safe - drive carefully.

Evergreen Bible School

The village of Evergreen was very much alive Saturday from 2 to 4 P. M., when Bible School Preparation Day and Parade was held.

Leon Paulette soared over the village a number of times in his airplane, while below the parade was led by the Rev. J. E. Greene riding a prize-winning horse.

Flags and posters were displayed on decorated cars, trucks, and bicycles. Several tractors also joined the parade, "pulling for Bible School."

"Satan" was on the job, too, wearing a red suit and riding a bicycle. He was weaving in and out of the crowd, doing his best to upset the boys and girls. But in spite of him the parade was a huge success.

Bible School is being held each day this week at the Evergreen Baptist Church, from 8:30 to 11:30 A. M. The enrollment at present is seventy-four.

The Administration is planning to contribute to a program to eradicate malaria over much of the world in five or ten years of sustained effort.
